e-mail: comfy@aquael.pl

We believe that everyone needs
to **be close to nature.**
Take care of the animals and
the planet **with us.**

Ecomfy's value system
is defined by the **3Ps** –
People, Pets
and Planet.

PEOPLE

We want to invite you to join us in caring
for our beloved pets and the planet.
This will make you a vital part of Ecomfy.

PETS

We remember that pets are a part of nature,
which is why we dedicate harmless Ecomfy articles
to them – a safe alternative in the pet market.
We care about your pet's comfort, safety and happiness.

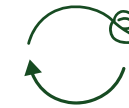

PLANET

We strive to create safe products for animals
with the least possible impact on the environment.
With our activities, we want to raise awareness about
environmental protection and the reduction
of negative impacts on nature.

Ecomfy articles are created personally – from the design to the production process in our own factories located in Suwałki and Warsaw. Our products are based on natural materials, recycled blends and recycled raw materials.

At every stage of our work, we strive to take measures that reduce the impact of our production on the planet.

We use recycled raw materials: TPE plastic, wood, furniture boards, sisal materials, cork

Our products are made using natural materials: wood, sisal and burlap strings

Making the most of solar energy resources

We only use energy-saving light bulbs in our production facility

EASY CAT ECO

Covered cat litter tray made **from 92% recycled materials**. It has a **removable lid with a hinged door** and a **high, profiled litter tray to limit the escape of waste**. The design of the litter tray allows the **contents** to be **covered up** and, thanks to the **built-in charcoal filter**, it **traps odours** even better. It has a clever holder for the **included shovel**. Kept in an olive-black colour scheme.

for longer.**

SURPRISE BALL ECO

Openwork ball toy for cats with a small ball inside. Its **flexible** exterior is made from **100% recycled, food-grade TPE raw materials**. The Surprise Ball Eco rolls in different directions and is very quiet at the same time. It will work well **for cats of all sizes**. There are **2 types** – with a bell ball or with a ball filled with catnip.

TUBE ECO

A scratching post in the shape of an upright cylinder. The furniture board and sisal used to make it are **100% recycled**. The Tube Eco has a large scratching surface and two holes at different heights with shelves for the cat to rest on. The product comes with **two removable felt mats** for any configuration. The uncovered furniture board on top of the scratching post **can be used as a table or as additional space for the cat**. Tube Eco is available in **2 variants**: with **beige or grey upholstery**. The shades of the colours depend on the available recycled materials.

HALF MOON ECO

A scratching post in the shape of lying half-cylinder. The furniture board, sisal and upholstery material used to make it are **100% recycled**. Half Moon Eco has a large scratching surface and a hole where the cat can rest and hide. A small base made of furniture board attached to the underside makes the product a fine interior design piece. Half Moon Eco is available in **2 variants**: **grey-black and beige-black**. The shades of the colours depend on the available recycled materials.
