Surprise Ball Eco

Openwork ball toy for cats with a small ball inside. Its **flexible** exterior is made from **100% recycled, food-grade TPE raw materials**. The Surprise Ball Eco rolls in different directions and is very quiet at the same time. It will work well **for cats of all sizes**. There are **2 types** – with a bell ball or with a ball filled with catnip.

Gaia Handmade

Versatile fishing rod type cat toys. They are **handmade**. They are made of a **50 cm / 19.7 in long wooden stick** and elements attractive to cats – feathers, bells, beads and recycled natural corks. They have a **jute cord** that allows you to **play interactively** with your pet and stimulate its hunting instinct. They come in a choice of **6 options**.

About Us

**Your care,
their joy.
A natural
combination.**

A line of pet products created with the environment in mind. Our articles are created personally – from the design to the production process in our own factories located in Suwałki and Warsaw. Ecomfy products are based on natural materials, recycled blends and recycled raw materials.

The brand was created out of passion for animals and with our planet in mind..

PEOPLE

We want to invite you to join us in caring for our beloved pets and the planet. This will make you a vital part of Ecomfy.

PETS

We remember that pets are a part of nature, which is why we dedicate harmless Ecomfy articles to them – a safe alternative in the pet market. We care about your pet's comfort, safety and happiness.

PLANET

We strive to create safe products for animals with the least possible impact on the environment. With our activities, we want to raise awareness about environmental protection and the reduction of negative impacts on nature.

We use recycled raw materials: TPE plastic, wood, furniture boards, sisal materials, cork

Our products are made using natural materials: wood, sisal and burlap strings

Making the most of solar energy resources

We only use energy-saving light bulbs in our production facility
