Hypoallergenic

Easy to digest

High in moisture

(approx. 80%)

The high water content makes the food even more toothsome for pets, as it supports adequate hydration, kidney and urinary function as well.

Suitable for dogs with health problems

Comfy Appetit Food has been developed to meet the needs of dogs with food sensitivities. It will work perfectly for pets with allergies, those under testing for gastrointestinal disorders and on elimination diets. Its texture makes it ideal for dogs with difficulty chewing.

Simple, natural recipe

The aromatic and filling Comfy Appetit meat pate contains no preservatives, flavour enhancers, cereals or artificial colours. This gluten-free, easily digestible product positively promotes the fitness, healthy skin and beautiful coats of dogs of all breeds.

About Us

Complete Pet Food

We aim to thoroughly fulfil the nutritional needs of pets. We consult with a veterinarian during the process of introducing a product to the market.

Pet food for animal health and development

- No dyes or artificial additives
- High content of meat ingredients
- Rich in vitamins and minerals

We started our development with Comfy Appétit over 10 years ago

Our experience in developing tasty and healthy treats for dogs and cats has allowed us to go further. We have decided to expand our product range with pet foods with a high content of meat ingredients for dogs and cats.

Naturalness

We use only natural ingredients in our products.

Quality

We focus on selected, high-quality ingredients.

Deliciousness

We believe that it is important that petfood is tasty and that our four-legged friends enjoy it.

Up to 96% of meat

The most important ingredient is meat. We want animal products to be the main source of protein in our foods.

Gluten-free

We only offer gluten-free foods.

No colours or artificial flavours

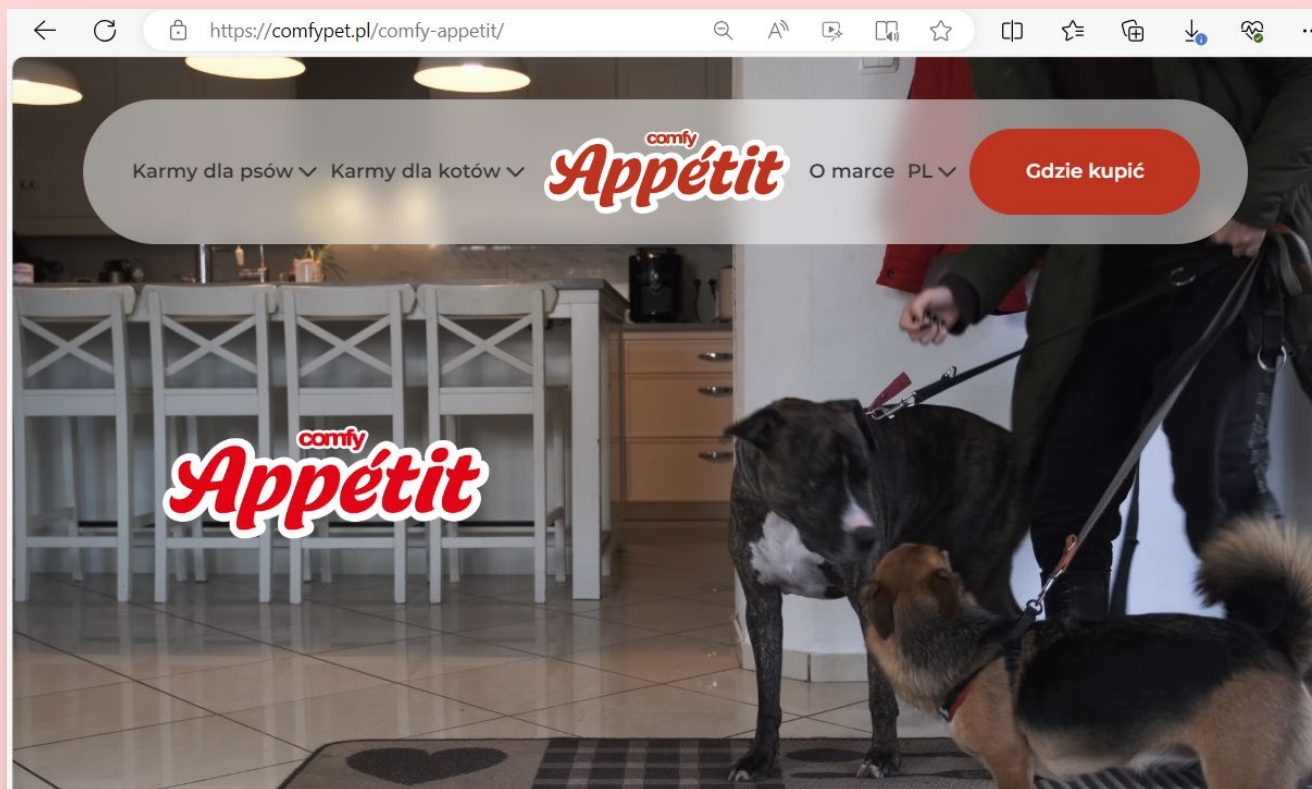

Our products do not contain artificial colors or preservatives.
