

A white dog, possibly a Weimaraner, is standing in a lush green field. The dog is wearing a red collar and is looking towards the right side of the frame. The background is filled with green foliage and trees, suggesting a natural, outdoor setting. The overall scene is bright and vibrant, emphasizing the 'nature' theme of the advertisement.

The high water content makes this Vita food even more succulent and palatable for dogs, while helping them to stay hydrated. It is an excellent support for kidney function and urinary tract health.

Healthy skin and shiny coat

Linseed oil, present in all variants, is the real secret to a beautiful and healthy coat for your dog. It improves the condition of the fur, gives it a shine and also has an anti-inflammatory effect, supporting the health of the skin and immune system.

Superfoods and a value of herbs

Superfoods – nutrient-rich vegetables, fruits, herbs beneficial for dog's health and well-being.

The addition of raspberries, blueberries, carrots and apple is a wealth of valuable nutrients. Sage and rosemary add a unique aroma and stimulate the appetite.

With Comfy Appetit Vita wet food, your dog will enjoy not only a tasty but also a wholesome meal with numerous health benefits!

Apples:

Rich in fibre, vitamin C and antioxidants, they support the health of your dog's digestive system, helping to regulate digestion and prevent stomach problems.

Raspberries and blueberries:

These berries are rich in vitamins, minerals and antioxidants that support your dog's immune system and help combat oxidative stress.

Carrots:

Containing beta-carotene, vitamin A and fibre, carrots benefit the health of your dog's eyes, skin and coat. In addition, the fibre helps to regulate digestion.

Rosemary and sage:

They have antibacterial, anti-inflammatory and antioxidant properties. They can help maintain your dog's oral health by improving gum health and preventing tartar formation. Additionally, they can support respiratory and digestive health.

About Us

Complete Pet Food

We aim to thoroughly fulfil the nutritional needs of pets. We consult with a veterinarian during the process of introducing a product to the market.

Pet food for animal health and development

- No dyes or artificial additives
- High content of meat ingredients
- Rich in vitamins and minerals

We started our development with Comfy Appetit over 10 years ago

Our experience in developing tasty and healthy treats for dogs and cats has allowed us to go further. We have decided to expand our product range with pet foods with a high content of meat ingredients for dogs and cats.

Naturalness

We use only natural ingredients in our products.

Quality

We focus on selected, high-quality ingredients.

Deliciousness

We believe that it is important that petfood is tasty and that our four-legged friends enjoy it.

Up to 96% of meat

The most important ingredient is meat. We want animal products to be the main source of protein in our foods.

Gluten-free

We only offer gluten-free foods.

No colours or artificial flavours

Our products do not contain artificial colors or preservatives.
